

REMARKS

Claims 1-12 are now pending in the application. Claims 7, 9, and 11 have been amended to include additional method steps. Applicant is adding new Claims 13-18 for consideration. Support for the new claims can be found throughout the specification and drawings as originally filed. As such, no new matter is being added. Applicant has amended Figure 2 to properly couple element 26 to element 16. Applicant has also added Figure 3 to illustrate the operational steps of the present invention by using a flowchart. Minor amendments have been made to the specification to reflect this flowchart. No new matter has been added to the application.

CONCLUSION

If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,

Dated: May 19, 2003
